

Supporting Artifact 2: Customer Satisfaction Survey Results

Purpose: To demonstrate the impact of my personable nature on client satisfaction.

Summary:

I actively engaged with clients through feedback sessions and regular check-ins, leading to high satisfaction scores in a recent customer survey conducted for “game” event.

Key Data Points:

- Average satisfaction score: 8/10.
- Positive comments highlighted: “Exceptional support and clear communication.”

Methodology:

Feedback was collected via survey ensuring a fair and objective evaluation of my interpersonal skills.
