

Journal Entry 7

Victor Lopez

Meme 1

The meme caption reflects a human behavior that desires to connect with others who understand and relate to us. This behavior, if the person is not educated about the risk of trusting unfamiliar accounts, can lead to a risk of a cyber attack.

Meme 2

This behavior is relevant to cybersecurity because cyber attackers can use pictures or images that can lure people into clicking on malicious links or downloading harmful files. This woman found a photo on her feed that she wanted to interact with, and this could be used against her.

**When I see a cat
picture online**

Meme 3

Some people who may want to use cyber attacks put their viruses into links they know based of human behavior people will interact with them. This man knows that many links to stream free sports games often may have these viruses, but he is happy because his link was virus-free.
